New Items

There are many new products featured in this catalogue to support you with your food safety program. Look for the NEW! symbol throughout the catalogue.

47 X 99mm Shelf Life Day of the Week

Our popular Shelf Life Day of the Week label is now available in removable adhesive.

Use a Shelf Life label to record important prep information and combine with a Day of The Week coloured circle to clearly communicate to staff when the prepped item needs to be discarded. *See page 8.*

Colour Coded Cutting Boards - Purple

Use purple cutting boards for special food preparation or allergen free items. *See page 43.*

Allergen Kits

Enhance your food prep process and avoid allergen cross contamination with a dedicated, colour coded purple, allergen kit.

Available as a starter kit or complete kit, both kits contain a range of purple items including cutting board, cooks knife, tongs, thermometer, allergy labels and more. *See page 44.*

KH Kharve Knives

Professional grade, German stainless steel knives designed to withstand the demands of the commercial food service industry. Durable and lightweight, with colour coded handles, these knives offer users outstanding comfort and a secure, non-slip grip. Available in a range of sizes. *See page 47.*

FIFO Explained

What is FIFO?

FIFO means “first in, first out”. When receiving or preparing food, it should be labelled with a Use First, Shelf Life, or Day-of-The-Week label. Foods that are received or prepared first, should be used first. Write on a use by date and place new foods behind older foods in storage, to ensure the older foods are used first. The date you write should be the use by (discard) date, not the preparation date.

FIFO Works

Using labels to identify food means rotating foods correctly is easy. The bright colours draw your eye’s attention and quickly impart a message. After using the colour-coded system for a while, employees will identify use by dates just by colour, making the day-of-the-week system fast and efficient. The integrity of foods is maintained because foods are properly rotated.

How does FIFO work?

FIFO principles can extend to other products as well. Day of the Week Portion Bags will alert staff to those pre-portioned items that need to be used first. FIFO squeeze bottles allow for top filling and bottom dispensing, meaning older product is used first. FIFO essentially ensures that the freshest foods are being prepared.

Labelling and Rotation

Labelling and rotating of food is vital in protecting against foodborne illnesses.

Labelling food consistently and correctly ensures that you are serving the freshest and safest food, as well as reducing costly waste. Employing the FIFO (first in, first out) stock rotation method is best practice, and should be supported with a labelling system.

Fildes Food Safety stock a large range of labels in a variety of adhesives which can be incorporated into your food safety plan.

If you have a specific requirement for your operation, we can also custom print labels to suit your requirements.

LABEL AND ADHESIVE GUIDE

REMOVABLE LABELS

Easy to Remove	Safe for Freezer	Moisture Resistance	Min. Application Temperature	Working Temperature Range
✓✓	✓✓	✓	-12°C	-12°C to 71°C

- Most popular adhesive
- Easy to apply and remove
- Remove before washing to avoid sticky label residue

PERMANENT LABELS

Easy to Remove	Safe for Freezer	Moisture Resistance	Min. Application Temperature	Working Temperature Range
	✓✓✓	✓	-3°C	-53°C to 71°C

- Ideal for packaging that will be discarded

Suitable for labels from 38mm to 50mm in size

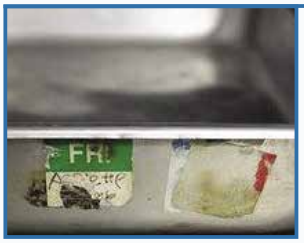

75mm SEVEN ROLL DISPENSER

Product Code	Price
#19075	$91.50

Suitable for labels from 60mm to 75mm in size

CHOSEN THE WRONG LABEL IN THE PAST?

Residue from old labels can harbour dangerous bacteria. Take some time to evaluate your operation and determine which adhesive would best suit your practices.

De-Solv-it adhesive remover is suitable for removing self-adhesive labels from most surfaces. It is food processing safe, and will help to clean up your steam pans and storage containers.

IDDSI LABELS

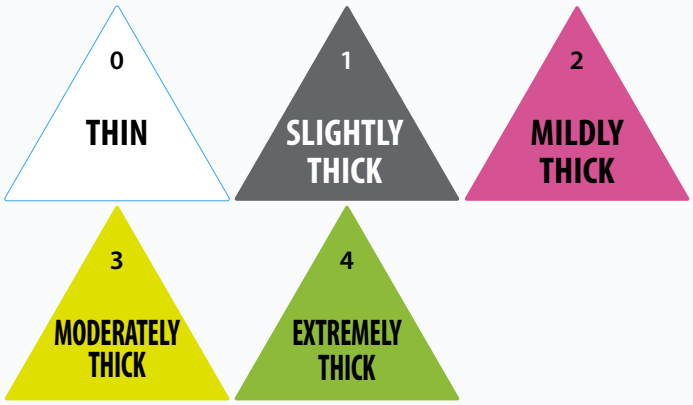

The International Dysphagia Diet Standardisation Initiative (IDDSI) introduced new labelling requirements in May 2019. These standards are designed to specifically assist workers in the healthcare system so they may easily classify and identify food and beverage consistencies which are suitable for patients with varying forms of dysphagia, a condition which involves difficulty swallowing.

Use these IDDSI compliant labels to provide the highest standard of patient care by greatly reducing the risk of serving incorrect meals to patients with dysphagia.

Temperature Control and Monitoring

Monitoring and controlling the temperature of food is a fundamental of food safety.

Using thermometers to ensure that foods are cooked to and maintained at correct temperatures is essential.

When foods are in the temperature danger zone of 5°C to 60°C for too long the food becomes highly susceptible to the rapid growth of bacteria.

Regular temperature monitoring is the best defence against bacteria. It must occur at every stage of the cooking, cooling, holding, and reheating process.

Fildes Food Safety offers a comprehensive range of thermometers and timers.

ECONOMY INFRARED THERMOMETER

- Temperature range: -50°C to 380°C
- Accuracy: ±1°C (b/w 0°C and 100°C)
- Display resolution: 0.1°C
- <1 second response time
- Belt mounted holder included
- Calibration certificate included
- Battery included: 9V
- 12 month warranty

Product Code	Price
#49601	$57.50

INFRARED THERMOMETER - BLUE

- Temperature range: -50°C to 380°C
- Accuracy: ±1°C (b/w 0°C and 100°C)
- Display resolution: 0.1°C
- <1 second response time
- LCD backlit display
- Battery power percentage display
- Emissivity adjustable
- Colour display
- Belt mounted holder included
- Calibration certificate included
- Battery included: 9V
- 12 month warranty

Product Code	Price
#49605	$66.00

HIGH TEMPERATURE RANGE INFRARED

- Temperature range: -50°C to 580°C
- Accuracy: ±1°C (b/w 0°C and 500°C)
- Distance spot ratio: 16:1
- Display Resolution: 0.1°C
- Auto off
- High/low temperature alarm setup
- Min/max/avg temperature measurement
- Twin laser pointer selection
- Data hold function
- Calibration certificate included
- Battery included: 9V
- 12 month warranty

Product Code	Price
#49602	$153.00

BODY / SURFACE TESTING THERMOMETER

Screen for signs of illness by using a non contact thermometer for instant and accurate temperature readings.

- Body temperature range: 32°C to 42.2°C
- Object temperature range: 10°C to 40°C
- Accuracy:
  ±0.2°C body mode b/w 35°C to 42°C
  ±0.3°C object mode
- Display: °C/°F
- Size: 166 x 39 x 40mm
- <1 second response time
- Screen display with fever alarm
- Body mode & object mode
- Built-in memory chip, 32 sets of memory storage
- Batteries included: AAA x 2
- 12 month warranty

Product Code	Price
#49630	$143.00

FILDES foodsafety 1800 673 644 03 9598 7949 foodsafetysolutions.com.au

SLIMLINE INFRARED WITH PROBE THERMOMETER

The Slimline Infrared with Probe Thermometer features quick response light indicators. The indicators will show when temperatures are in the temperature danger zone, when foods are above the safe holding temperature of 60ºC or more, or when chilled or frozen foods are in a safe temperature reading of 4ºC or less.

- HACCP certified
- Infrared temperature range: -55ºC to 250ºC
- Infrared accuracy: ±1ºC
- Probe temperature range: -55ºC to 330ºC
- Probe length: 115mm
- Probe accuracy: 0.5ºC
- Water resistant rating IP65
- Clip on pouch included
- Batteries included: AAA x 2
- 12 month warranty

Product Code	Price
#40606	$126.50

CALIBRATABLE DIGITAL THERMOMETER

- Temperature range: -50°C to 300°C
- Accuracy: ±1°C
- Display resolution: 0.1°C
- Probe length: 125mm
- Water resistant rating IP65
- Field calibration function
- Min/max memory (b/w -19.9°C and 119.9°C)
- Automatic power shut off
- Low battery indication
- Convenient hanging hole and clip
- Calibration certificate included
- Battery included: CR2032
- 12 month warranty

Product Code	Price
#49310	$41.50

ALLERGEN SAFETY DIGITAL THERMOMETER

Allergens can inadvertently be transferred from a high risk food to an allergen free food by way of unsterilised utensils, hands and thermometers.

The Allergen Safety Digital Thermometer is colour coded purple to highlight that it is only to be used with allergen free foods.

- Temperature range: -50°C to 200°C
- Accuracy: ±0.5°C (b/w -10°C and 100°C)
- Display resolution: 0.1°C
- Probe length: 125mm
- Min/max temperature memory
- Data hold function
- Convenient hanging hole and clip
- Battery included: CR2032
- 12 month warranty

Product Code	Price
#49320	$32.00

DIGITAL PROBE THERMOMETER - USB RECHARGEABLE

- Temperature range: -50°C to 300°C
- Accuracy: ±1°C
- Probe length: 102mm
- <3 second response time
- LCD display
- Waterproof rating IPX7
- Automatic power shut off after 30 seconds
- Battery included: 3.7V rechargeable lithium ion
- USB rechargeable (USB cable included)
- 12 month warranty

Product Code	Price
#40615	$54.50

WALL MOUNTABLE DIGITAL PROBE THERMOMETER

- Temperature range: -50°C to 200°C
- Accuracy: ±1°C (b/w -10°C and 200°C)
- Display resolution: 0.1°C
- Probe length: 115mm
- Water resistant IP67
- Auto off after 10 minutes
- Data hold function
- Min/max reading function
- Probe cover with pocket clip
- Hook for wall mounting
- Battery included: CR2032
- 12 month warranty

Product Code	Price
#49340	$43.50

ECONOMY WATERPROOF FLAT DIGITAL THERMOMETER

- Temperature range: -50°C to 200°C
- Accuracy: ±1°C (b/w -20°C and 119°C)
- Display resolution: 0.1°C
- Probe length: 120mm
- <1 second response time
- Water resistant rating IP65
- Probe cover can be used to extend the handle length
- Convenient hanging hole and clip
- Calibration certificate included
- Battery included: LR44
- 12 month warranty

Product Code	Price
#49306	$41.50

MINI DIGITAL PROBE THERMOMETER

- Temperature range: -50°C to 200°C
- Accuracy: ±1°C (b/w -10°C and 200°C)
- Display resolution: 0.1°C
- Probe length: 73mm
- Overall length of unit 155mm
- Water resistant IP67
- Auto off
- Data hold function
- Min/max reading function
- Calibration certificate included
- Battery included: CR2032
- 12 month warranty

Product Code	Price
#49312	$32.50

MULTIFUNCTION THERMOMETER

Dual thermometer probe sensor – meat and oven/BBQ

- Tri-temperature jumbo LCD display
- Probe temperature range: 0°C to 200°C
- Oven/ambient temperature range: 0°C to 300°C
- Accuracy: ±1°C (b/w 0°C and 100°C)
  ±2°C (b/w 100°C and 200°C)
- Display resolution: 0.1°C
- Probe length: 150mm
- Retractable cord: 1 metre
- Alarm
- Unit cannot go in oven and is non-submersible
- Timer and estimated cooking time feature
- Calibration certificate included
- Battery included: AA
- 12 month warranty

Product Code	Price
#49216	$69.00

THERMOMETER PROBE WIPES

- Available in single use sachets, or convenient plastic pop-up dispenser
- Food safe and effective in killing 99.99% of all germs and bacteria
- Ingredients: alcohol, water, isopropyl alcohol

Product Code	Price
#40803 - Box of 100	$8.00
#40804 - Tub of 150	$14.50

LOLLIPOP MIN / MAX THERMOMETER

- Temperature range: -50°C to 200°C
- Accuracy: ±0.5°C (b/w -10°C and 100°C)
- Display resolution: 0.1°C
- Probe length: 125mm
- <1 second response time
- Min/max reading memory function
- Water resistant rating IP67
- Low battery indication
- Convenient hanging hole and clip
- Calibration certificate included
- Battery included: CR2032
- 12 month warranty

Product Code	Price
#40314	$31.00

HEAVY DUTY T-HANDLE THERMOMETER

T Shape design is easy to hold and insert, especially into solid foods.

- Temperature range: -50°C to 200°C
- Accuracy: ±0.5°C (b/w -10°C and 100°C)
- Display resolution: 0.1°C
- Probe length: 125mm
- <8 second response time
- Water resistant
- Min/max temp memory
- Automatic power shut off
- Data hold
- Convenient hanging hole and clip
- Calibration certificate included
- Battery included: LR44
- 12 month warranty

Product Code	Price
#49308	$21.00

HAND HELD DIGITAL THERMOMETER

Use to detect internal food and ambient temperatures.

- Probe temperature range: -50°C to 300°C
- Ambient temperature range: 0°C to 50°C
- Accuracy: ±0.5°C (b/w -19.9°C and 119.9°C)
  ±1°C (b/w 120°C and 149.9°C)
  ±2°C (for all other ranges)
- Display resolution: 0.1°C
- Probe length: 165mm
- Probe cord length: 1 metre
- <1 second response time
- Unit cannot go in oven and is non-submersible
- Min/max temperature memory
- Data hold function
- High/low alarm limit setting
- Replacement probes available
- °C/°F selection
- Low battery warning
- Protective PVC pouch and foldaway stand
- Calibration certificate included
- Batteries included: AA x 2
- 12 month warranty

Product Code	Product	Price
#49700	Thermometer	$84.50
#49750	Replacement Probe	$40.00

CHILL TIME STAMP THERMOMETER

This thermometer will monitor the temperature of food during the cooling process, as well as track and record the time it has taken to reach critical points. A cumulative cooling time is also displayed.

- Temperature range: -45°C to 200°C
- Chill time stamp mode: 5°C to 68.9°C
- Accuracy: ±1°C (b/w 0°C and 100°C)
  ±2°C (b/w 100°C and 150°C)
- LCD size: 53 x 62mm
- Cable Length: 1 metre
- Stainless steel probe: 100 mm
- Timer is activated for interval 60°C to 21°C when temperature drops to 60°C
- Timer is activated for interval 21°C to 5°C when temperature reaches 21°C
- If temperatures do not reach critical points, the unit will record the temperature and alarm
- ABS case and stand
- Batteries included: AAA x 2
- 12 month warranty

Product Code	Price
#49214	$50.50

ECONOMY POCKET DIAL THERMOMETER

- Temperature range: -10°C to 100°C
- Probe length: 127mm
- Dial face: 25mm
- Field calibration function
- Twisting wing nut at top of stem with fingers allows for easy re-calibration
- Stainless steel back
- Includes plastic stem case and metal pocket clip
- 12 month warranty

Product Code	Price
#49208	$7.50

CANDY / DEEP FRY THERMOMETER

- Temperature range: 38°C to 205°C
- Probe length: 125mm
- Dial face: 50mm
- Display: C°/F°
- Stainless steel body & probe
- Dishwasher safe
- Safety clip
- 12 month warranty

Product Code	Price
#40330	$13.00

MEAT DIAL THERMOMETER

- Zoned with specific HACCP parameters for popular meats
- Temperature range: 54°C to 88°C
- Probe length: 150mm
- Dial face: 64mm
- Heat-resistant glass cover allows the unit to go with food into the oven for easy temperature monitoring whilst cooking
- 12 month warranty

Product Code	Price
#40204	$13.50

DIGITAL COFFEE THERMOMETER

- Temperature range: 0°C to 200°C
- Probe length: 130mm
- Alarm sound with blinking alert
- LCD display
- Stainless steel probe & clip
- Batteries included: L1154F x 2
- 12 month warranty

Product Code	Price
#49215	$19.50

DIAL COFFEE THERMOMETERS

- Temperature range: 0°C to 100°C
- Stainless steel probe
- Small probe length: 140mm Dial face: 30mm
- Large probe length: 180mm Dial face: 48mm
- Ideal milk temperature is clearly colour coded on the dial
- Safety clip
- 12 month warranty

Product Code	Price
#49201 - small	$5.50
#49202 - large	$6.50

FRIDGE / FREEZER ALARM THERMOMETER

Features a dual display showing fridge and freezer temperatures. Attaches to fridge magnetically or can be situated on desk/bench using flip stand in conjunction with the dual 1 metre probe cords.

- Temperature range: -40°C to 70°C
- Accuracy: ±1°C
- Display resolution: 1°C
- Probe cord length: 1 metre
- Buzzer alarm and light for quick identification of temperature drops or spikes
- Temperature reading updates every 10 seconds
- Programmable alarm allows temperature limits to be set
- Records a min/max temperature for each display
- Calibration certificate included
- Batteries included: AAA x 2
- 12 month warranty

Product Code	Price
#49300	$38.50

DIGITAL FRIDGE & FREEZER THERMOMETERS

- Temperature range:
  Fridge thermometer: -10°C to 50°C
  Freezer thermometer: -25°C to 50°C
- Accuracy: ±1°C
- Display resolution: 0.1°C
- Temperature updates every 10 seconds
- Water resistant rating IP65
- Display will shut off once fridge is closed to save power
- Out of safety zone alert
- Low battery warning
- Battery included: CR2032
- 12 month warranty

Product Code	Product	Price
#49299	Digital Fridge Thermometer - Black	$16.50
#49298	Digital Freezer Thermometer - White	$16.50

FRIDGE / FREEZER DIAL THERMOMETER

- Temperature range: -30°C to 30°C
- Strong stainless steel casing
- Sit on shelf, or hang from rack
- Optimal temperature ranges highlighted
- Dial face: 60mm
- 12 month warranty

Product Code	Price
#49211	$7.00

FRIDGE / FREEZER THERMOMETER

- Temperature range: -40°C to 20°C
- Suction caps and clips for mounting
- Easy to read face
- Large bold numbers
- Magnifying lens cover
- 12 month warranty

Product Code	Price
#49102	$5.00

ECONOMY DIGITAL FRIDGE / FREEZER THERMOMETER

- Temperature range: -50°C to 110°C
- Accuracy: ±1°C
- Display resolution: 0.1°C
- Sensor cable length: 1 metre
- LCD display
- Batteries included: LR44 x 2
- 12 month warranty

Product Code	Price
#49280	$9.50

DIGITAL TOUCHSCREEN HYGRO THERMOMETER

- Temperature range: -20°C to 70°C
- Temperature accuracy: ±1°C
- Humidity range: 20% to 95% RH
- Humidity accuracy: ±5%
- Min/Max on display for temperature and humidity
- Measuring cycle: 10 seconds
- LCD display is backlit by touching front of unit
- Fold out stand
- Magnetic
- Batteries included: AAA x 2
- 12 month warranty

Product Code	Price
#49701	$27.50

DIGITAL HYGRO THERMOMETER

- Temperature range: Indoor -10°C to +50°C Outdoor -50°C to +70°C
- Humidity range: 10% to 99% RH
- Accuracy: ±1°C
- Indoor/outdoor temperature display, indoor humidity display
- Large LCD display
- 12h/24h time display
- Display changes between time & date every 5 seconds
- Temperature unit °C/°F changeable
- Everyday alarm function
- External cable with sensor: 2 metres
- Foldaway stand or wall mount
- Battery included: AAA
- 12 month warranty

Product Code	Price
#49702	$43.00

DIGITAL TIMER

- Large, clear display
- Timer has a countdown/up function switch located at back of unit
- Loud buzzer sound (75 decibels)
- Memory recall function
- Magnetic attachment or foldaway stand
- Battery included: AAA
- 12 month warranty

Product Code	Price
#49715	$17.50

DIGITAL 24HR TIMER / CLOCK

- 12/24 hour time format display
- Display size: 38 x 13mm
- Maximum count up 24 hours
- Maximum count down 23hr 59min 59sec
- Count down setting memory
- Pocket clip
- Foldaway stand
- Magnetic attachment
- Battery included: LR44
- 12 month warranty

Product Code	Price
#49719	$21.50

PH METER - LAQUA TWIN

- Fully waterproof and dustproof
- Water resistant rating IP67
- Accuracy: 0.1pH
- Automatic calibration
- Temperature alarm
- Low battery alarm
- Measurement range: 0 to 14pH
- Resolution: 0.1pH
- Two point calibration
- Voltage measurement mode
- Carry case
- Buffer solutions included: 14ml of pH4 and pH7
- Auto off after 30 minutes
- Battery included: CR2032
- Warranty: Instrument - 2 years, Sensor - 6 months

Product Code	Price
#49706	$220.00

SPEAR PH METER - APERA

Ideal for measurement of solid or semi-solid foods such as salami, cheese, meat, fruits and bread.

- pH range: -1.00 to 15.00pH
- pH accuracy: ±0.01pH
- Temperature range: 0°C to 50°C
- Display resolution: ±0.01pH and ±0.1°C
- Push button 3 point calibration
- Hold function
- Self-diagnostic to assist with troubleshooting
- Washable in mild detergent - not dishwasher safe
- Automatic power shut off
- Replacement sensors available on request
- Batteries included: AAA x 4
- Warranty: Instrument - 2 years, Sensor - 6 months

Product Code	Price
#49707	$475.50

PH METER - APERA

Ideal for measurement of semi solid foods and liquids, such as fruit, custards and sauces.

- pH range: -2.00 to 16.00pH
- pH accuracy: ±0.01pH
- Temperature range: 0°C to 50°C
- Display resolution: ±0.01pH and ±0.2°C
- Dual 3 colour backlit LCD display
- Push button 3 point calibration
- Hold function
- Self-diagnostic to assist with troubleshooting
- Washable in mild detergent - not dishwasher safe
- Replacement sensors available on request
- Auto off after 8 minutes
- Batteries included: AAA x 4
- Warranty: Instrument - 2 years, Sensor - 6 months

Product Code	Price
#49705	$247.50

PH METER CALIBRATION SOLUTION

- Essential for ensuring accurate readings are taken and recorded
- Each pH solution acts as a control point in calibration of the unit
- The Electrode Storage Solution is used for preventing dehydration of the glass electrode and helps lengthen lifespan

Product Code	Product	Price
#49709	pH Meter Calibration Kit	$57.50
#49708	pH Meter Electrode Storage Solution	$36.50
#49710	pH Meter Solution pH4	$20.00
#49711	pH Meter Solution pH7	$20.00

PH TEST STRIPS

- Monitor the pH of the product that you produce using paper pH strips
- pH paper test strips rely on colour change in the paper to indicate product pH
- Pack of 100 strips

Product Code	Price
#49712	$46.50

WHY USE DISHWASHER TEMPERATURE LABELS?

The temperature of the water used to wash utensils and cookware is critical to providing effective heat sanitising.

Dishwasher Temperature Labels will assist you in checking that your dishwasher is reaching effective sanitising temperatures and will demonstrate diligence in your food safety procedures.

DISHWASHER TEMPERATURE LABEL

Convenient and accurate method of measuring maximum thermal temperatures reached within a commercial dishwasher.

- Accuracy: ±1°C
- Label withstands a full wash cycle and then can be transferred to your permanent records
- Great for HACCP recording measures
- Place on a metal object such as a stainless steel pan

Product Code	Product	Price
#44010	Pack of 25	$34.50
#44020	Pack of 50	$64.00
#44030	Roll of 1000	$1,012.00

DISHTEMP DISHWASHER THERMOMETER

DishTemp thermometer simulates a plate as it's cleaned and sanitised in a commercial dishwasher, accurately recording the maximum surface temperature at the touch of a single button.

- Temperature range: 0 to 90°C
- Accuracy: ±0.5°C
- Resolution: 0.1°C/°F
- Waterproof to IP66
- LCD display
- Weight: 120 grams
- Dimensions: 14 x 127mm
- Battery included: 3V CR2032 lithium coin cell
- Battery life: 40 hours
- Calibration certificate included
- 12 month warranty

Product Code	Price
#49740	$185.00

FILDES foodsafety

DISHTEMP BLUETOOTH DISHWASHER THERMOMETER

DishTemp thermometer simulates a plate as it's cleaned and sanitised in a commercial dishwasher, accurately recording the maximum surface temperature at the touch of a single button.

Bluetooth model DishTemp transmits temperature data to your iOS, Android or Bluetooth wireless device via a secure connection of up to 50 metres. Specifically designed to save time, paper and eliminate human error when recording temperature cycles.

Download HACCP LE from the Apple App store or Google Play Store.

- Records maximum surface temperature
- Temperature range: 0 to 90°C
- Accuracy: ±0.5°C
- Resolution: 0.1°C/°F
- Waterproof to IP66
- LCD display
- Weight: 120 grams
- Dimensions: 14 x 127mm
- Battery included: 3V CR2032 lithium coin cell
- Battery life: 40 hours
- Calibration certificate included
- 12 month warranty

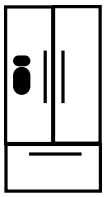

Product Code	Price
#49745	$313.50

DATA LOGGERS

- Great for monitoring temperature sensitive products in both short haul and long-distance transportation applications
- Cold chain applications
- Refrigeration and transportation temperature monitoring
- Delayed start function
- Sampling interval
- Number of readings
- Continuous or fixed number of readings
- Configuration of conditions to activate the ALERT indicator

Put log tag in refridgerator, freezer, or transportation compartment

Transfer log tag to cradle and connect via USB cable

Product Code	Product	Price
#45000	LogTag - Ambient Temperature Logger (Multi use)	$88.00
#45010	LogTag - Analyser Software	$0.00
#45020	LogTag - USB Interface Cradle	$153.00
#45030	LogTag - for External Temperature Sensor (to be used with #45040)	$143.00
#45040	LogTag - S/Steel Probe (No Handle) (to be used with #45030)	$60.00
#45045	Logtag USB data logger	$110.00

Detailed and accurate reporting and charting of temperatures

Sanitation and Hygiene

Good hygiene and sanitation practices are essential in any business preparing and serving food.

Ensure your staff have the necessary PPE and supplies to maintain personal hygiene and prevent cross contamination and foodborne illness.

Keep your kitchen, eating areas and restrooms clean and sanitised to assist with preventing pests and the spread of bacteria.

Training is the key to maintaining an effective cleaning program. Make sure your staff are aware of cleaning and sanitation processes, and have the necessary equipment to thoroughly carry out their cleaning duties.

FACE MASK - DISPOSABLE

- 3 layers of waterproof non woven fabric
- Individually wrapped to avoid potential for contamination
- Dimensions of 175mm x 95mm means one size fits most people
- Comfortable elastic ear loops help eliminate pressure to the ears
- Suitable for a wide range of applications, including hospitals, aged care & hospitality
- Pack of 30

Product Code	Price
#50930	$33.00

BLACK HAIR NETS

Product Code	Price
#50910	$16.50

- Tight weave prevents hair escaping
- Elastic-like band keeps the hair net comfortably in place
- Pack of 100

CRIMPED HAIR NETS

Product Code	Product	Price
#50901	White	$10.00
#50902	Blue	$10.00

- Non-woven
- Elasticised, breathable
- Pack of 100

BEARD COVERS

Product Code	Product	Price
#50903	White	$10.00
#50904	Blue	$10.00

- Made of breathable polypropylene
- Non-linting
- Pack of 100

POLY APRONS

Product Code	Product	Price
#50907	White	$26.50
#50908	Blue	$38.50

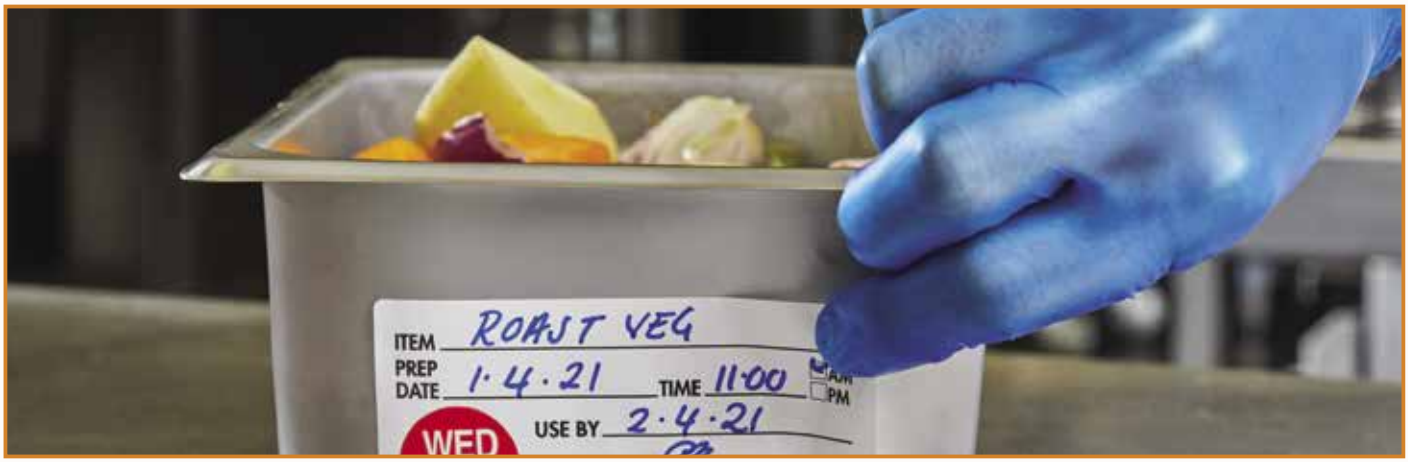

- 710 x 1170mm
- Features wide neck band and extra-long ties
- Pack of 100

SHOE COVERS

Product Code	Product	Price
#50905	Blue	$10.00
#50906	Non-skid blue	$10.50

- Elasticised and easy to slip over footwear
- Made from polypropylene
- Pack of 100

NITRILE GLOVES

Nitrile gloves are made out of a synthetic rubber, and are an ideal alternative when latex allergies are of concern.

The superior disposable glove when it comes to puncture resistance.

- Available in Small, Medium, Large, XL - specify size
- Box of 100

Product Code	Product	Price
#29010	Blue	$34.00
#29910	Purple	$34.00

VINYL - POWDER FREE GLOVES

- Test can be used on most preparation and equipment surfaces after cleaning and before processing food
- Convenient, self-contained and disposable
- Includes a 20ml bottle of hygiene moisturiser which can be used for dry surface testing
- Pack of 10

Product Code	Price
#20001	$108.00

CLEAN-TRACE LOG BOOK

- Record results from the Clean-Trace test in this log book

Product Code	Price
#20002	$38.50

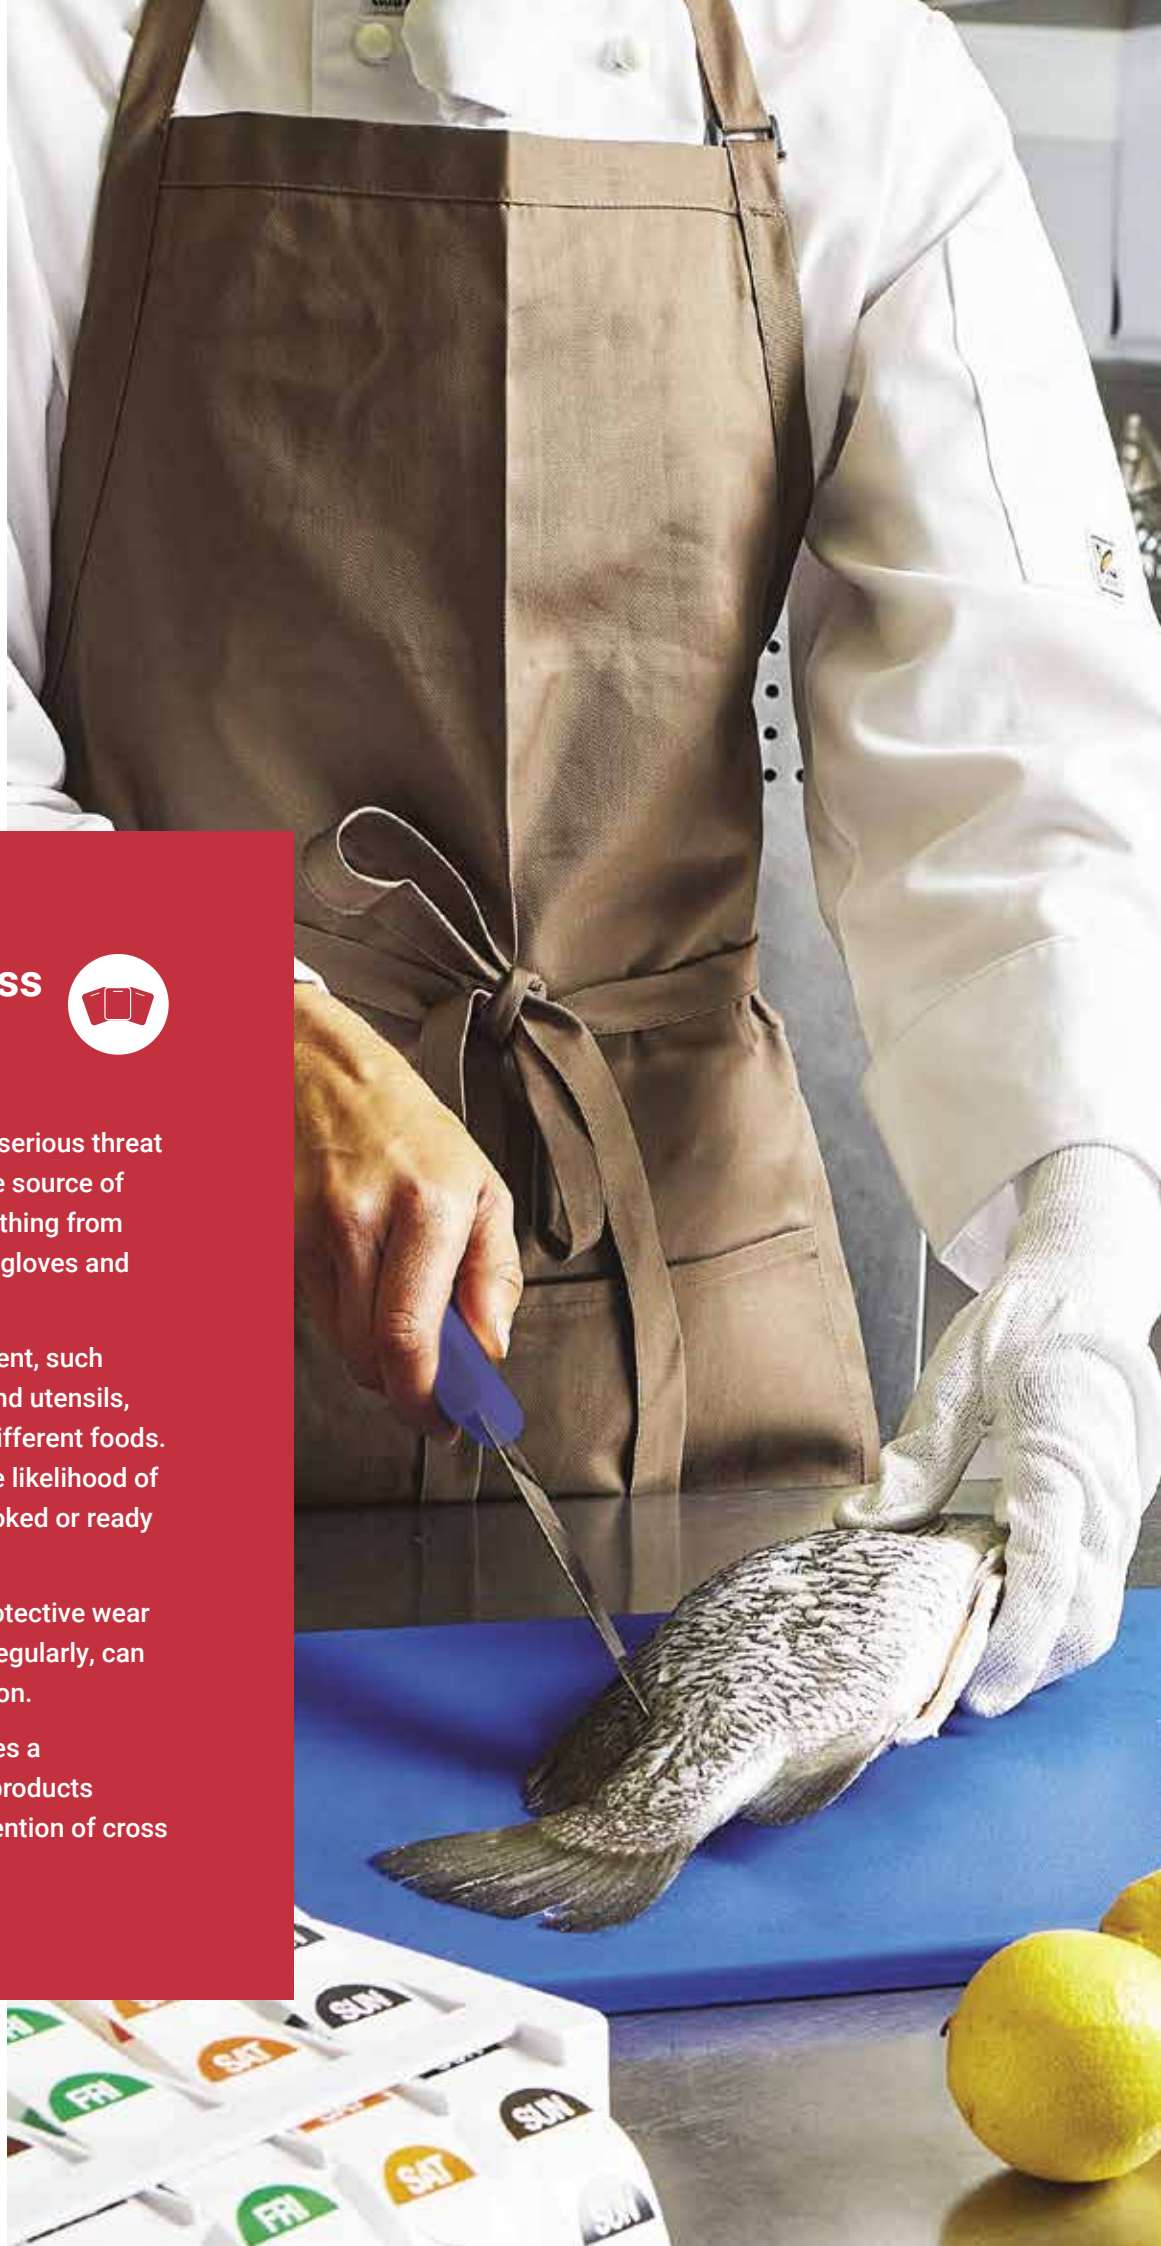

Preventing Cross Contamination

Cross-contamination is a serious threat to any food operation. The source of contamination can be anything from raw meats, dirty hands or gloves and kitchen utensils.

Using designated equipment, such as colour coded boards and utensils, allows for separation of different foods. In particular it reduces the likelihood of raw foods mixing with cooked or ready to eat foods.

Additionally the use of protective wear such as gloves changed regularly, can reduce cross contamination.

Fildes Food Safety supplies a comprehensive range of products useful for aiding the prevention of cross contamination.

COLOUR CODED CUTTING BOARDS

- Available in white, blue, yellow, red, brown and green
- 12mm thick
- Made from polyethylene
- Will not chip, crack or blunt knives
- Dishwasher safe

Food Storage Solutions

Separating and storing your foods correctly will help protect against cross-contamination as well as improve efficiency in your operation.

Food storage products, such as portion bags and pan liners, will in the long term save you money by reducing wastage, labour and energy costs.

Insulated products offer a practical food serving solution, whilst assisting with maintaining temperature of items that require transportation or holding.

These are particularly useful to health care and aged care providers who serve food to patients.

HEALTHCARE FOOD HOLDING PRODUCTS

- Deliver meals safely and efficiently
- Ideal for aged care facilities and hospitals
- Insulated products maintain the temperature of both hot and cold food
- Prevent contamination from airborne microorganisms or respiratory secretions emitted by those delivering meals
- Not suitable for microwave or bain-marie
- Dishwasher safe

#31003	200 x 300mm	$26.50

PORTION BAGS

Portion Bags allow for easy pre-portioning of food items and eliminate waste through improper portioning. They save time and the added expense of labelling bags or containers. Resembling traditional sandwich bags, they are perfect for use in school and institutional kitchens.

Colour coded day of the week portion bags allow for FIFO food rotation procedures.

FOLD TOP DAY OF THE WEEK PORTION BAGS

- 178 x 178mm
- Box of 1000

Workplace Safety

Prevention is always better than a cure. With this in mind a comprehensive workplace safety program is essential to any food service operation. Food service environments pose a high risk for injury, therefore ongoing training for staff is important.

The provision of products which enhance safety and will minimise risk of injury is essential. Items such as protective gloves, safety knives, anti-slip floor mats, first aid kits, safety related posters and the like, should be accessible to employees.

Fildes Food Safety offers a range of safety products and resources for use in kitchens.

WORKPLACE SAFETY KIT

Kit Contains:

- Safety Glasses
- Safety Cutter Knife
- Finger Cots – pack of 50
- Blue strip bandages – pack of 100

Freight

Freight is free for orders above $50.00. Orders under $50.00 will be charged $10.00 freight. Priority delivery can be organised anywhere in Australia upon request (additional charges apply). This is subject to availability at the time of purchase, and the order being placed by 11.00am. Call 1800 673 644 for rates and details.

Terms and Conditions

All items in this catalogue are available at the time of printing. Some items, from time to time, will cease to be available at a later date. Occasionally, you will receive the latest model of an item, which is different in appearance to its photograph in this catalogue, or to the one you have previously purchased from us. Prices are subject to change without notice. All prices are plus 10% GST for sales in Australia. For sales outside of Australia please call 1800 673 644.

Returns

Items can only be returned when issued with a Return Authorisation Number (RA#). Please contact customer service on 1800 673 644 to obtain an RA#. Items cannot be returned more than 30 days from date of purchase, excluding item/s carrying a warranty. A 20% restocking fee (minimum $20.00) will be charged for all items returned other than where the item/s is deemed to be faulty.

Supporting food businesses is our business

As we approach our 30th year in business, having started in 1996, Fildes Food Safety continues to lead the way in the supply of high quality food safety products, resources and kitchen supplies. Known for our high standards, Fildes Food Safety continues to help thousands and thousands of businesses keep their own organisation safe.

From sanitation and hygiene, to labelling and rotation, through temperature control and monitoring, to workplace safety, we continue to innovate and offer useful, practical products for all food related businesses.

Thank you for trusting us with your food safety needs. Thank you for your continued support over all these years. The hard working team at Fildes Food Safety understand your needs. We look forward to many more years serving you.

-Luke Fildes
